

## Postcard swap Gain deeper knowledge of your own country while opening up completely new horizons!

This program aims to help students understand more about their own country while also learning about another country, requiring them to think about how to convey information in an easy-to-understand way.

## About us

We provide valuable opportunities for cultural exchange with Tokyo students. With seasoned experience and knowledge, we facilitate and boost international exchange activities.

## **Postcard ideas**

- Brief self-introduction
- Interests
- Comments
- Photos

Please note that this program is not intended to encourage correspondence between individual students.
