

# Brush up your communication skills through online cultural exchange!

Get to know each other's culture and customs and acquire global communication skills!

## About us

We provide valuable opportunities for cultural exchange with Tokyo students.

We can also take care of scheduling and translation.

## Content

The content and topic of the international exchange will vary from elementary, junior high, and high school. Topics typically cover self-introductions, lifestyle, food, and holidays followed by a brief discussion.

## Notes

Given time differences, we may not be able to meet your desired time and will have to make scheduling adjustments.
