5. Additional information

- The Ban Khlong Manao students demonstrated how to make *som tam*, a Thai dish. As they were preparing the dish, the students performed a traditional dance in ethnic dress while the Fujimidai students watched on with intrigue.
- The Fujimidai and Ban Khlong Manao students formed pairs for a one-on-one exchange. One-by-one they stood in front of a camera and used simple English to introduce themselves and ask each other questions, such as their favorite foods. The exchange proceeded smoothly due to the students lining up in advance so they could be paired off.
- The students cheered when their thoughts were conveyed to their partner through expressions and reactions. The students had an enjoyable exchange with smiles.
